Consultant-Course and curriculum development and review of ongoing courses Centre for Child Protection-Sardar Patel Police University, Government of Rajasthan

Background:

Sardar Patel University of Police, Security and Criminal Justice, Jodhpur (SPUP) is established by an Act passed by State Legislature, Government of Rajasthan. The Act mandates the University to focus on teaching and research in the field of Police, Social Sciences, Criminal justice, Public Safety and Security and other related areas. This will be a unique initiative in the above-mentioned field as this University will be a blending ground for academia, practitioners and industry. We offer our students knowledge and insights relevant for their professional goals, opportunities and environment. We promise to bring best faculty and expertise in the relevant disciplines from across the globe. Vision of the university is to provide an interdisciplinary academic environment for learning and research through programs that includes perspectives for Social Sciences, Humanities, Science & Technologies and Professional studies whereby students and professionals equip them with intellectual, professional and moral competencies for combating the emerging challenges to security, justice and public safety in free democratic and diverse society.

About Centre for Child Protection

The efforts for child protection in our country are in a nascent stage with poor understanding about the child protection issue among stakeholders. There is not a single child protection specialized agency in country that can lead on building the capacity of government officials and civil societies working in the area of Child Protection. Currently there are no academic courses in any university and colleges across country that creates professionals with knowledge and expertise in child protection. None of the social science colleges and university teaches child protection as subject in any ways. On the other hand child protection programming and its implementation would need huge number of professionals skilled in various aspects of child protection issues resulted into huge dearth of people with right set of knowledge and skill in the area of child protection. As per the estimate more than 8.2 million stakeholders at different level in country and 1.1 Million stakeholders in Rajasthan required training and support in addressing the child protection issues with efficient and effective manners. To reach to these stakeholders' state and district level highly trained and professional experts will be created by the specialized child protection institute through different kind of short and long terms courses and capacity building programme on regular basis. This nodal institution will be responsible for addressing the technical and capacity building related need of the country and state.

At present, the centre is functioning at SPUP Satellite Centre, Rajasthan Police Academy Campus, Nehru Nagar, Jaipur.
